ENTHUSIASTIC RECEPTION IS TENDERED LIBERTY BELL PARTY

Woman's Suffrage Campaigners Spend Profitable Evening in Charleroi

ADDRESSES AROUSE MUCH ENJOYED AUDIENCES

Mrs. C. W. Freitag, Miss Harriet Grimm and Miss Louise Hall Talk Interestingly on Suffrage Questions —Leave on Trip Through County.

Ending a day spent profitably in campaigning for votes for women the party with the Woman's Liberty Bell stopped in Charleroi for a big evening meeting Wednesday night. This morning at 9 o'clock after spending the night here they left on their trip to Bentleyville, Canonsburg and other points in Washington county before going to Washington to spend tonight and to hold another night meeting.

The party entered Washington county near Monongahela from Elizabeth at noon on Wednesday and held a noon meeting at Monongahela. The party was met at the county line by Mrs. Edwin Linton of Washington, county chairman. Miss Alice Jones of Washington, vice chairman; Miss Sue Jones of McDonald and Mrs. C. W. Freitag, of Washington, enrollment secretary. Mrs. Henry C. Sutton, president of the Monongahela Suffrage asociation was also in the party. Enthusiasm characterized the Monongahela meeting.

After the meeting and luncheon at Monongahela the party went to Donora, where a meeting was held at the corner of McKean avenue and Sixth street. Monessen was the next stop, and the party was met by a delegation with the Finnish brass band. Much enthusiasm characterized this late afternoon meeting. The suffragist speakers complimented the Finnish band members and Finnish people there upon the fact that Finland had "had sense enough to give women the vote."

A local delegation of woman suffrage enthusiasts met the Bell party at the Charleroi end of the Monessen-Charleroi bridge, and with yellow banners and pom-poms waving from the machines, escorted them over two of the chief streets.

Mrs. Edwin Linton presided as chairman of the meeting and briefly outlined the purpose of the Liberty Bell trip before introducing the first speaker, who was Mrs. C. W. Freitag. Mrs. Freitag spoke logically of the principals for which women stand in seeking the vote and of the nature of the campaign now being conducted in Pennsylvania preceeding the November election.

The chief address of the evening was made by Miss Harriet Grimm of Illinois. She had much experience in suffrage campaign work in that state an dtold of the methods followed by the women voters for cleaning up affairs politically after they were given the right of ballot. She likewise told something of the present campaign and described what the Bell stood for.

The last speaker was Miss Louise Hall, who is the state secretary of Pennsylvania and who is in charge of the Bell tour. Miss Hall spoke

GENTLEYVILLE FIRST NATIONAL BANK EMPLOYS A NEW CASHIER

Fairchance Man Gets Place Made Vacant by the Resignation of Charles A. Hartley.

Martin Burg, formerly assistant cashier of a bank at Fairchance, Fayette county, at a meeting of the board of directors of the First National bank of Bentleyville, was elected cashier to take the place of Charles A. Hartley, formerly employed at Carmichaels, Greene county, who resigned owing to ill health. Mr. Hartley has gone to Norwalk, O., where he will spend some time recuperating.

Since the resignation of former Cashier William R. Stephens, some time ago, Mr. Hartley has been in charge. Mr. Stephens and family had been at Monessen, their former home, visiting relatives and friends and during the summer will attend the exposition at San Francisco, Cal.

Mr. Burg, the new cashier, who comes highly recommended to the institution, took up his new duties this week.

CONFERENCE FAIL TO CHOOSE MAN

Representative Republicans From Three Counties Discuss Matters

VARIOUS NAMES MENTIONED

Eight representatives of the Republican county organization in Washington, Beaver and Lawrence counties were unable, at a conference at Pittsburg to agree upon a successor to the late William M. Brown as the Republican representative in congress from the Twenty-fourth Pennsylvania district. They discussed the situation fully, heard of the merits of five candidates and adjourned to meet again at the Americus Club, Pittsburg on July 20.

It was agreed during the session that no matter who was agreed upon, the candidate selected would merely be "endorsed" by the conference and that he should be required to go into the September primary election against any other candidates who might announce t hemselves. However, since the conferees were appointed by their respective organizations it seems reasonable that the man they endorse will have the support of all three county organizations.

The names considered were those of Dr. Henry W. Temple, former Sheriff E. C. Carothers and Recorder J. C. Sutherland of Washington county; John D. Eliott of Beaver Falls and F. L. Bingham of New Castle. It was explained that there is a strong sentiment in many localities for the selection of Dr. Temple, whose term as the district representative expired with the end of the last congress. He was elected as a Progressive but is said to have returned to the Republican party. It is extremely probable that the selection will go to Washington county, in the event of an endorsement.

Washington county was represented at Wednesday's conference by Dr. J. A. Sprowl of Donora, chairman of the meeting: August Valentour of McDonald. T. M. Reese of Canonsburg and Joseph Herron of Monongahela. Lawrence was represented by A. C. Hyde and Fred L. Rentz of New Castle and the Beaver spokesmen were John W. Carson of Beaver Falls and Charles H. Stone of Beaver.

SECOND COUNCILMAN TO DISAPPEAR FROM MONESSEN IN THREE MONTHS MAKES EXIT

J. W. Cartwright Leaves Without Leaving Address---President Schrader Who Left Three Months Ago Still Absent

[illegible] disappearance has become [illegible] the second at Monessen [illegible] members of the borough council [illegible] strictly confined to the brass [illegible] steel corporation within the last three months. The first to leave was C. S. Schrader, president of council and the latest, J. W. Cartwright, who left this week.

Neither Schrader nor Cartwright has been heard from. Schrader was a lumber merchant in business with his father. He left no trace, though there was a theory that he went either to Ohio or Michigan to locate.

Cartwright was chief electrician at the Pittsburg Steel company's [illegible] Reese also of Monessen.

Shortly before the disappearance of the two, Mr. Reese had filed a libel in divorce against his wife. It is believed by some that Cartwright and Mrs. Reese have taken their departure together. It was rumored that they went to Monongahela after leaving Monessen and were said to have been seen there.

Mr. and Mrs. Reese were married in 1906. They have one son seven years old for whose custody Mr Reese asks in his libel.

BENEFIT DANCE TO BE ELDORA PARK FEATURE

Another Busy Week Ahead at Amusement Resort—Nurses Association Reception Planned—Hibernians Arranging Dance On Tuesday Night.

The opening event of next week will be one of the biggest of the mid-July period at Eldora park. It will be a benefit dance that will be given Monday night by the Visiting Nurses association of Donora and will be of such nature as to attract a large crowd from all along the Monongahela valley and from inner-county points.

On Tuesday night this will be followed by a private dance to be given by the Hibernians of Monongahela. It will likewise attract a large crowd to the park.

Rev. P. E. Maher, pastor of the Roscoe Roman Catholic church has arranged for a private picnic which will be held on next Wednesday. This outing will be one of the interesting events of the week and will be characterized by the ussual offerings at picnic affairs.

There will be two Roscoe outings and the second will be that Thursday of the Young Men's Hebrew association of Roscoe ,which will entertain at the park. Friday evening of next week John A. Weber will have his regular dance, this to be followed by the regular Saturday dance and the Sunday offerings to be announced later.

Friday of this week the Episcopal Sunday school of Monongahela is holding a picnic at Eldora.

ENROLLMENT NECESSARY IF CITIZEN IS TO VOTE

Law Covers Registration Thoroughly —Washington Party Voters and Independents Get Back Into the Republican Fold.

All voters who desire to participate in the primary election on Tuesday, September 21, must be registered and enrolled 60 days prior to that date.

The act of asembly requires the registry assessor to be at the polling places of the precinct on July 20 and 21, to register the voters and to make or change enrollments for the party primaries.

As most of the various township and county offices are to be filled this year unusual interest is being taken in the coming primary election but no voter can participate in the primaries of a party unless he has been enrolled. If a voter has either failed to be enrolled in the party of his choice or desires to change his enrollment he ought to see the assessor before July 21 and see that his name is properly enrolled. It is not enough that he be simply registered, as the election officers cannot give a ballot of any party to a voter unless his name is enrolled with that party.

Many of the candidates as they go over the county find men who think they can vote whether enrolled or not and that the election officers will give them a ballot; but this is contrary to law and an election officer could be indicted for an offense against the commonwealth for so doing.

Many Washington party voters have gone back to the Republican party and also many independents but these men cannot vote unless they present a certificate of enrollment to the assessor or see him fill out the necessary blanks requesting a change.

The assessors are all furnished with the enrollment and certificates and will have them at the polling places on July 20 and 21 or they can be seen at any time prior to those dates at their homes or places of business.

GREAT GASSER UNCONTROLLABLE HALF HOUR AFTER IT IS STRUCK

Excitement Caused by Immense Flow on Farm Four Miles From McKeesport

WELL IS THOUGHT DANGEROUS

Vicinity is Closely Guarded—Expert Sextet of Business Men Have Well Drilled—Belches Forth 45,000,000 Feet Per Day.

Roaring like a volcano and throwing earth and rocks high into the air, a gas well on the George Spiegel farm on the Foster road, four miles from McKeesport, is pouring gas into the air at the rate of 45,000,000 feet a day, uncontrollable and fast forming a fire menace through the entire section. The well was struck at a point Wednesday afternoon and Wednesday night it was impossible to approach within 100 feet of the hole. Immense crowds from McKeesport, East McKeesport, Wilmerding, Turtle Creek and Pitcairn, attracted by the roar of the well, which could be heard for more than four miles, thronged the section.

The excitement even in a few hours, converted the Turtle Creek Valley into a semblance of the oil fever days of yore and reports were current last night that fabulous prices were being offered for leases on property adjoining the Spiegel farm.

The well came in at depth of 1,950 feet. At first the gas came only gradually, but half an hour after the flow was struck the force was so terrific that efforts to control it were futile. In an hour it was impossible to approach the well, which was tossing great rocks into the air. This itself offered a source of danger. As the cable with which the drilling was done and the six-inch pipe were still in the well and the rocks, shooting up at a mile-a-minute clip, were striking out sparks when they were hurled a gainst the pipe or the cable and there was great fear that the sparks might ignite the gas.

A sextet of Export, Pa., men secured the lease on the Spiegel farm recently and drilling operations were started by Arthur Seifer, a Butler, Pa., drilling contractor. The Export syndicate is headed by J. Skelly and Joseph Ache. The derrick erected at the well is expected to fall at any moment, as the force of the gas is lifting and shaking it. It is not known how the well can be controlled as it will be impossible to put in casings. Early attempts to stop it by throwing rocks into the opening failed as the gas tossed the stones out immediately. No accurate estimate of the well's capacity can be made.

STATE POLICE TO BE LOCATED TO THE GINGER HILL DISTRICT

Capt. Adams Arranges for Establishing Headquarters Near Monongahela, at Special Request.

Capt Linn W. Adams of the state police barracks at Greensburg is planning to locate a detachment of the state officers in the Monongahela district. This is done by request of the Ginger Hill Protective Association, who recently petitioned to have a detachment located in that section. Quarters have been secured at the home of J. C. Powers on the Harlem Reed farm, about one and one half miles from Monongahela, on the Washington pike. A sergeant and two privates will be there next week to take up their duties, and according to the arrangements made they will be stationed at this point for one year at least.

Private telephone lines will be installed and aside from patrolling the county districts they expect to be in touch with all points in the district, and will respond to all calls.

CHAUTAUQUA AT THE PLAYGROUNDS

Committee Decides Upon Excellent Location for This Year's Entertainments

BIG ATTRACTIONS SECURED

The 1915 Chautauqua here will be held at the playgrounds, during the week beginning Tuesday, July 27. This is the decision of the Chautauqua committee. Prof. I. T. Daniel, who is in charge of the ticket sale is busy making his rounds, and an effort will be made to have this year's Chautauqua even better than last year, something that should be possible because of the better location.

The Ben Greet players will be returned to Charleroi this year in their Shakespearian drama. Musical features will include the Sands' band, the Weber quartet, the Metropolitan music men and the Dunbar singers.

Among the lecturers will be Grosvenor Dawe, who is widely known throughout the country, and Dr. Crook, of Amherst college who will speak on "Socialism." Another lecture will be given on "The Martydom of Belgium" by a Dr. Scott.

On or about July 15, the "nine-day man" will be here and from that time forth things will boom. Who will be the superintendent is not known.

PREPARATORY SERVICES AT FIRST PRESBYTERIAN CHURCH

Preparatory services will be held at the First Presbyterian church at 7:30 o'clock this evening. Rev. A. J. Whipkey will speak. Friday evening. Rev. J. A. Craig of Bentleyville will preach. A cordial invitation has been extended to all.

PRESBYTERIAN SUNDAY SCHOOL TO HOLD PICNIC

The Sunday school of the First Presbyterian church will hold a picnic at Eldora park on Thursday, July 22, and preparations are now being made for the event. Special cars will be provided for the trip to the park. An athletic program is being arranged.

Euchre To be Held.

The regular weekly euchre will be held at St. Jerome's Lyceum this evening.

HOPE FOR LOW COST OF DRUGS

The very rich and the very poor have no worries over the high cost of medicine or the high cost of doctors. Fat bank accounts and free dispensaries and hospitals take care of that. As in so many other matters it is the middle class that suffers, says the McKeesport News.

But even the well-to-do have probably noted the effect of the war on drug prices. Germany, that treasury of so much quasiscientific industry, is locked tight. Its patented compounds, synthetic chemicals and standard drugs under copyrighted trade names no longer reach us.

The situation, however, is in many ways decidedly advantageous. Under the new stimulus, new processes are being developed, and even new discoveries made. More important still it probably means a reorganization of the patent situation. England has annulled numberless legal monopolies in trade names and processes that Germany has enjoyed. When the war is over a world-wide readjustment will be necessary in which America will undoubtedly play a part.

America will surely not be too finicky in the handling of these patent rights. Drugs—good drugs, cheap drugs and plenty of them—are one of the primary needs of civilization. A liberalizing of the patent laws cannot hurt the inventor or discourage initiative; for a great deal of chemical advance comes through salaried research work in both government and private laboratories. Disease is the common enemy toward whose extinction every weapon must be turned.

THE LIBERTY BELL.

Chained to silence, the Liberty Bell of the women of Pennsylvania made its visit to Charleroi Wednesday night. Until election night its clapper will be bound with bronze chains. Then if the men of Pennsylvania do not refuse wives, mothers and sisters the right that they themselves enjoy the chains will be stricken off in Independence Square in Philadelphia, and the bronze voice peal forth.

The bell is a replica with a difference. It has no crack. When its glorious old forefather rang forth liberty throughout the land to all the inhabitants thereof" there was a rift in its fabric, though few knew it when. The women's bell is to mend that rift, and the women, bring freedom to man and woman equally. It has added the motto, "Establish Justice," and its ringers must remember that, as with the old bell, the principle alone will be proclaimed.

A woman thinks that a woman correspondent is hiding something from her if there isn't a postscript at the end of the letter.

A man starts toward happiness or trouble the day he is married. And it doesn't take him long to find out which way he is headed.

When she is nineteen she makes up her mind to cop out an Adonis with curly hair and dimples. When she is twenty-nine she is willing to compromise on a male animal who runs to dandruff and pimples.

Sometimes a married man gets so lonesome when his wife is away that he is tempted to start the phonograph going and argue with it.

The fact that a man is wearing a hero medal doesn't do him any good when he happens to step on a wooden collar button with his bare feet.

The $15 per week clerk who spends two hours per day seeing that his necktie is properly arranged often wonders at the bad taste of the boss who wears a readymade thing around his collar that looks as if it came from the racket store.

When mother is mad at father she often tells him that she merely puts up with him for the sake of the children, but the truth of the matter is that she merely puts up with him because he is her meal ticket.

After a man has felt the buzz saw two or three times it doesn't humiliate him as much to take a dare as it used to.

When a man looks shabby he may be rich, but when a woman looks shabby you can bet that she is poor.

Twin Tires?—No

One's a Goodyear as It Might Be The Other Costs Us $1,635,000 More

This is to prove that you can't judge tires by looks.

Here are two Goodyear tires, seemingly identical. But one is built like many of its rivals. Goodyear extras are omitted. The other has those hidden values. And those unseen extras, on this year's output, will cost us $1,635,000.

This year's betterments alone add to our cost $500,000 yearly. Yet our 1915 price reduction saves our users about five million dollars.

No Price Excuse

This is not a price excuse. Goodyear prices have been fairly racing down. Our late big reduction made the third in two years, totaling 45 per cent. No equal tire can compete with the Goodyear, because of our matchless output. None does. Goodyear excels all other tires in at least five important ways.

You Deserve It

You deserve the Goodyear quality when you buy a tire. You deserve Fortified Tires, with the No-Rim-Cut feature, the "On-Air" cure, our extra-strong fabric, our number of plies. You deserve in anti-skids our All-Weather tread, tough, double-thick and resistless.

These things have brought Goodyear the largest sale in the world. They are saving our users millions of dollars yearly. They are at your command. Any dealer, if you ask him, will supply you Goodyear tires. (2491)

An American who was attached to the embassy at Paris tells of a Parisian journalist who holds a strong objection to the notebook, dear to most of his associates.

This newspaper man wears large white cuffs, and on these he jots down such events as appeal to him, with suggestions for his subsequent articles. At first his laundress was much puzzled by these hieroglyphics, but as the time went on she became able to read them and apparently derived much benefit and pleasure therefrom.

One day the journalist received with his laundered garments a slip of paper on which was written:

"Your last washing was very interesting, but we should be glad to have you give us more war news."—Pittsburgh Chronicle Telegraph.

Veteran British Sailor.

Baron Fisher, first baron of Kilverstone, who succeeded Prince Louis of Battenburg as first sea lord of the admiralty, held the same position for six years beginning with 1904. He began his navy career in 1854, and six years latter had risen to the post of lieutenant. He is a veteran of the Crimean war, of the China and Egyptian wars, and commanded the Inflexible during the bombardment of Alexandria in 1882. During his long service he has held many high offices, and as a sea fighter he is relentless.

The End of Strikes.

One notable effect of the war in England is reflected in the labor world. Though employment is good, the worker has stopped striking. Thus in November only 8,061 workpeople were reported to the board of trade as being involved in labor disputes, as compared with a total of over 55,000 in November last year.—Pall Mall Gazette.

ANIMALS TO TALK TO MAN

Noted German Scientist Satisfied That Condition Will Be Reached in the Future.

"Some day a man will talk to his dog and his dog will talk to him. So will the man talk to birds of the air. It will be then that all animal and bird life becomes articulate and a widening of our cosmic horizon, now undreamed of, will result." This was the statement at Los Angeles recently, of R. L. Garner, noted philologist and tutor of Maeterlinck, who has spent 25 years in the wilds of the Congo studying the chimpanzee and the gorilla. From these two animals, Garner believes will be strung the first twin cables from which scientists will hang a bridge on which man and his lesser brothers of the world will meet in oracular converse.

"A dream, you say?" he continued. "Cannot the bee teach us a higher communism, the quick, effective elimination of the unfit and shirker? Cannot the birds tell us their secret of flying? Would we not like to know why the oriole, the oven bird or castle building ant are so much better engineers than we are? I believe the day will come when they will be able to tell us. In many respects the gorilla or chimpanzee is far more civilized than man. You never did or never will hear of either abandoning their wives."

After spending a vacation in Los Angeles Mr. Garner intends to return to the Congo for further study of the animals found there.

PLAN NEW DUBLIN CATHEDRAL

Roman Catholics Likely to Erect House of Worship Worthy of the Irish Capital.

Roman Catholic Dublin's desire for a great city cathedral is likely to be satisfied at last. The present procathedral in Marlborough street has never been regarded as anything more than a stop-gap. The two fine cathedrals in the city, St. Patrick's and Christ Church, are, of course, the property of the Church of Ireland.

Some time ago the corporation acquired a site at Ormond Market, on the northern quays, for the erection of workmen's dwellings. The scheme was never popular and is open to grave objection.

The Roman Catholic archbishop of Dublin has now offered to purchase the Ormond Market area as a site for a cathedral at the amount which the corporation paid for it.

The suggestion for a Roman Catholic cathedral at this spot came from Prof. Patrick Geddes, who advocated a new artery of traffic which would bring the two Protestant cathedrals into line with a new Roman Catholic building.

Aroused Painful Memories.

All Farmer Hayseed's hands were in the village choir. At Christmas they used to come round to their master's home, and after much singing, or rather bawling, receive a gratuity. This Christmas being an extremely dark night, they took a stable lantern with them, and arranged themselves on Hayseed's lawn. They had scarcely got through the first verse of "While shepherds watched" when the old farmer's head appeared at the window, and a voice floated through the air. "Say, you chaps," roared the glum-looking farmer, as he threw a handful of money to the peace disturbers, "I'll give my blessing freely if you'll only sing 'Christians, awake,' or 'Ark the 'erald hangels sing,' but, for 'eaven's sake, doan't 'e sing 'While shepherds watched.' Last Christmas, whiles you were a murderin' that same 'tune, some villyuns come 'long an' lifted eight of ma best sheep from under your bloomin' noses."

Importance of Home Life.

The re-establishment of the American home is the only remedy for the social evil and the only hope of democracy, declared a speaker at the international purity congress in Kansas City. "The constant shifting of families from one section to another prohibits the long acquaintance among young people through which proper life partners can be selected," the speaker said. "Young people are thrown into contact with strangers, become bold and practice deceptions. As a result, marriage is arranged on a guess; the deceptions are discovered and lead to the divorce court and all too often to immorality."

Cost of Living in Wartime.

Data published in the Statistische Korrespondenz are figured out to indicate the price of wheat in Berlin, at the end of August, was 9¾ per cent above the July 31 price, and that the advance was 16¾ per cent at the end of September and 26½ at the end of October. Rye had advanced 11½ per cent in August, 21¾ per cent in September and 30½ per cent in October. In England the Economist's "index number" shows the average price of cereals to have risen from 57.9 at the end of July to 65¼ at the end of October, and to 68.3 at the end of November.—New York Post.

Too Many Holidays.

"Pop!"

"Yes, my son."

"What are these dates on the new calendars in red ink?"

"Oh, those are holidays."

"Well, why don't they put all the school holidays in red ink?"

"Wouldn't have enough red ink, I guess, for that, my boy."

Try Renting First

We will rent you a Visible

Remington

or a Visible

Smith Premier

1 Month for $3.00; 3 Months for $7.50

or

We will rent you an understroke Remington or Smith Premier three months for $5.00.

That three months will be a revelation of how much the typewriter can do for you.

When you have found that typewriting is three times as fast as penwriting; that you can do three times as much writing in a given time, then, of course, you will always want a typewriter.

Right here is the vital point of our offer

If you want to buy at the end of the one month or three months' period, we will credit the money you have paid on the purchase price.

A good, fair offer, isn't it? Then let us send you the machine.

ELLSWORTH PEOPLE HAVE BIG CELEBRATION ON FIFTH

The glorious Fourth turned out in Ellsworth glorious all the day around. There was not a hitch from beginning to end which was remarkable, as the day was filled with events from early morning until late night. The day began with a short concert by the Ellsworth-Cokeburg band, C. Pardini leader, then came the contests for swimming, ball throwing, quoits, etc. then the Bellevue parade came through and proved to be fully enterprising as it usually is. After this came the baseball game, which proved a stiff battle. The Cokeburg team won with a score of 5-4. After four events of the big event of the great day. The Country Circus." It is putting it extremely mild to say that this was a scream from beginning to end. The athletic contests were close and all were eagerly watched by an interested crowd. The dance which proved a great success and the fireworks display closed a day which will long be remembered.

INCREASE IN POSTOFFICE BUSINESS AT BENTLEYVILLE

Postmaster William H. Hartman of Bentleyville reports business at that office to be increasing very rapidly and this is taken as an indication that business is again picking up in the community, after a slump of several months. Postmaster Hartman reports an increase of nearly $300 over the last quarter.

ENTHUSIASTIC RECEPTION

(Continued from page one.)

briefly. her voice showing signs of wearing out from the hard campaign speaking of the last several days.

The meeting was attended by probably 500, and the crowd was of a kind never before seen in Charleroi at a political gathering. A quiet enthusiasm was shown by the listeners, who pleased the speakers as much as the speakers pleased them.

Afterwards the bell was taken to the Elite garage for the night and those of the party were entertained at various homes.

This morning at 9 o'clock the party was met here by two automobile loads of people from Bentleyville, to be escorted to that town for a morning meeting. Several Charleroi people accompanied the Bell to Bentleyville. Included in the number going from here were Mrs. S. L. Woodward, Mrs. Herman Tweed, Mrs. J. K. Mitchell, Miss Clara G. Cooper, Mrs. T. M. Faddis and Mrs. Herman Heupel. Speers, which sent a big delegation to the meeting Wednesday night was represented by Mrs. James Stuart and Mrs. M. Riggs on the trip to Bentleyville.

Everywhere so far the Bell party has gone it has been met with enthusiasm. Oliver Hall a brother of Miss Hall, the director of the tour is in charge of the bell and drives the auto truck on which it rests. Mrs. William Frye and Mrs. Guy Hill, suffrage workers prominent elsewhere are in the party.
